- Oppose the above provisions

MY SUBMISSION IS THAT

Tell us the reasons why you support or oppose or wish to have the specific provisions amended. (Please continue on separate sheet(s) if necessary).

I oppose to hill country fencing over 15" because the cost would not be practical and would not help the environment.

Change this rule to allow more time for practical fencing and to spread the cost to farmers.

I SEEK THE FOLLOWING DECISION BY COUNCIL

(Select as appropriate and continue on separate sheet(s) if necessary).

- Accept the above provision
- Accept the above provision with amendments as outlined

We both agree that waterways & rivers need to be cleaned up but think you are going about it the wrong way.

20 years ago we put in place a water system with troughs to 95% of our farm. In doing so we can see that stock do not go in or near waterways & prefer to drink water from the troughs. We believe that you should encourage farmers to fund a water system first and then start fencing off waterways.

We are also at the moment thinking about succession for our property within the next 10 years. If this plan goes ahead we would not be able to retire & our family would not be able to take over as there would be this huge fencing financial cost over our heads, making farming non profitable.

Water troughs reduce contamination by ^{the} stock congregating around the troughs & not polluting near waterways.

PLEASE CHECK that you have provided all of the information requested and if you are having trouble filling out this form, phone Waikato Regional Council on 0800 800 401 for help.
