Support the above provision with amendments

MY SUBMISSION IS THAT

*Tell us the reasons why you support or oppose or wish to have the specific provisions amended.
(Please continue on separate sheet(s) if necessary.)*

Hello, my name is David Dysart, and on behalf of my family I would like to thank you for the opportunity to make a submission, and for your consideration thereof.

As a farmer with two children attending primary school, I am supportive of the intent of the **Proposed Waikato Regional Plan Change 1**. I agree that to have a healthy, functioning community and society, we have to respect and look after the natural resources that we interact with, as so well-articulated in the Vision and Strategy of the Plan.

I support **Objective 3**, but would like provision made to acknowledge the development and inclusion of future innovative and novel solutions which mitigate diffuse agricultural discharges based on the contaminants defined in the plan, but not currently acknowledged in accepted models. This could include the promising research on the effects of mixed pasture species or use of diuretics on nitrogen concentration in cow urine. Such developments may significantly build on the short term changes as defined by **Objective 3**.

I support **Objective 4**, a staged approach, as it allows the opportunity for development of technologies and practices to mitigate contaminant discharges into the waterways of the Waikato Catchment. This will allow communities to adapt and minimise disruption

Would like more emphasis given to **Method 3.11.4.12**, so that models used to define the NRP in schedule B are more precise and effective.

I SEEK THE FOLLOWING DECISION BY COUNCIL

(select as appropriate and continue on separate sheet(s) if necessary.)
