*Please state the provision, map or page number e.g. Objective 4 or Rule 3.11.5.1  
(continue on separate sheet(s) if necessary.)*

— Rule 3.11.5.2.4 onwards

**I SUPPORT OR OPPOSE THE ABOVE PROVISION/S**

*(select as appropriate and continue on separate sheet(s) if necessary.)*

- Support the above provisions  
 Support the above provision with amendments  
 Oppose the above provisions

**MY SUBMISSION IS THAT**

*Tell us the reasons why you support or oppose or wish to have the specific provisions amended.  
(Please continue on separate sheet(s) if necessary.)*

All good having Nitrogen Reference Points but what I don't think is fair is the farmers who have voluntarily reduced their Nitrogen & other artificial fertiliser applications in the past 10 or more years & will as a consequence be "penalised" in that it creates an artificial figure which can then not be surpassed by future farming ...

Some of these farmers have been really guarding their waterways/lakes & "cleaned" them & even been praised by the "greenies" for their efforts BUT I can foresee a possible problem in that should they desire to sell the land as a farming concern at a latter stage, the value will decrease because of not being able to have so many head of stock.

These farmers had the foresight to improve the waterways /lakes so they should be given an incentive to maintain the lower Nitrogen ReferencePoints long before Council is making it a prerogative....they have consequently reduced stock numbers, thus lower income....more relaxed lifestyle....but PLEASE DON'T make it so they cannot sell as a "going concern" when the time comes.

**I SEEK THE FOLLOWING DECISION BY COUNCIL**

*(select as appropriate and continue on separate sheet(s) if necessary.)*

- Accept the above provision  
 Accept the above provision with amendments as outlined below  
 Decline the above provision  
 If not declined, then amend the above provision as outlined below

*Amend as follows:*

Those farmers who have voluntarily reduced their artificial fertilizer applications in the past 5 or more years should not be penalised if selling up their farm by only getting x amount, when they could have had 2x....keep the value of the land or in some way reward them for their foresight in this.

We need to take more care of our environment 😊
