Hi Lloyd,

Thank you for your submission.

I just require answers to a couple of questions in order for your submission to be considered complete, this is a requirement under the Resource Management Act.

- Could you gain an advantage in trade competition through this submission?
- Do you wish to speak at the hearing in support of your submission?
- If others make a similar submissions, would you consider presenting a joint case with them at the hearing?

Once this information has been received your submission will be processed.

After submission closing date 8 March 2017, all submissions will be collated and you will then be sent a formal letter acknowledging receipt of your submissions. This letter will contain further information about the next steps in the submission process including information about hearings dates.

Kind regards,
Danica

My submission to healthy rivers plan,is to ask that very serious consideration is given to eliminate *overseer* from the deliberations,and calculations.
The more I read about it,the more flawed it appears.
Sincerely Lloyd Phillips,
