In brief I do not agree with what I have just read about (we are based Internationally so we're therefore unaware):

PROPOSED WAIKATO REGIONAL PLAN CHANGE...

We have only just bought our farm at 425 Peake Rd Cambridge on 11/3/17 (& have not yet settled) and was advised by council the day before that there was nothing on cards for our area when I rang: I am not happy to now read about catchment proposals! I always look after the land & animals on my land, mostly horses and stable them etc and also clean manure in yards and paddocks. I strongly disagree with what is planned. Please class this as a late objection. Yours truly, Loretta McColl and Peter Hardwell
